

SOOHA NERVES & STRESS™

*B-GROUP VITAMIN, MAGNESIUM AND TRYPTOPHAN SUPPLEMENT FOR HORSES
WITH PROTEXIN®*

PRESENTATION: Yellow, free flowing powder.

ACTIVE INGREDIENTS:		Each 30 g dose contains:	
VITAMIN B1	2,000 mg	MAGNESIUM	8.5 g
VITAMIN B2	500 mg	TRYPTOPHAN	1.0 g
VITAMIN B6	250 mg	PROTEXIN	600 million CFU*
NIACIN	100 mg		

*CFU – Colony forming unit (number of bacteria).

PROPERTIES: SOOHA NERVES & STRESS™ as a high dose B-vitamin, magnesium and tryptophan supplement with PROTEXIN® formulated for highly strung horses susceptible to the stress of transport, competition and heavy training or when they become hyperactive on high-grain, low roughage diets or when they are confined to stables without adequate exercise throughout the day.

A deficiency of B-group vitamins, magnesium and tryptophan has been linked to nervous symptoms and dietary supplementation has been reported to be effective as a mood stabiliser. Nervous stress plays havoc with the horse's digestive system, disrupting the normal healthy balance of gut microflora and allowing pathogens to flourish. Visible symptoms include reduced appetite, temperament changes and soft droppings. SOOHA NERVES & STRESS™ contains PROTEXIN® which restores the gut microflora balance, helps to improve digestive efficiency and reduces the effects of stress.

SOOHA NERVES & STRESS™ is pleasant tasting to tempt even picky eaters and should be used daily for horses inclined to become nervy or "fizzy". Contains no prohibited substances.

DOSAGE AND ADMINISTRATION:

Mix SOOHA NERVES & STRESS™ thoroughly through feed according to the following rates:

HORSES (450 kg) 30 g/day; HIGH STRESS PERIODS 45 g/day; PONIES 15 g/day.
(for horses or ponies)

For picky eaters, it may be advisable to introduce at a lower level and gradually increase to the full dose.
(Enclosed level scoop holds approximately 30 g)

MEAT WITHHOLDING PERIOD: NIL (Australia)

POISONS SCHEDULE: EXEMPT (Australia)

REGULATORY STATUS: Australia: AUSTRALIAN PESTICIDES & VETERINARY MEDICINES AUTHORITY
