### ACTIVE CONSTITUENTS:

|                        | per tonne of feed | per 5 g dose | SCA# |
|------------------------|-------------------|--------------|------|
| VITAMIN A              | 2,400,000 I.U.    | 24,000 I.U.  | 100% |
| VITAMIN D <sub>3</sub> | 54,000 I.U.       | 540 I.U.     | 25%  |
| VITAMIN E              | 13,500 I.U.       | 135 I.U.     | 100% |
| IODINE                 | 225 mg            | 2.25 mg      | 50%  |
| SELENIUM               | 100 mg            | 1 mg         | 100% |
| COBALT                 | 0.5 g             | 5 mg         | 100% |
| COPPER                 | 9 g               | 90 mg        | 100% |
| ZINC                   | 27 g              | 270 mg       | 100% |
| MANGANESE              | 12.5 g            | 125 mg       | 50%  |
| IRON                   | 9 g               | 90 mg        | 25%  |

#Percentage of the daily requirements of a 360 kg Steer gaining 1.6 kg/day according to the Standing Committee on Agriculture (SCA) Feeding Standards for Australian Livestock.

### PROPERTIES:

**KEYMIX® LOT FEED-AID™** is a scientifically formulated supplement which can be added to a total mixed ration to boost levels of minerals and essential fat-soluble vitamins that are commonly missing or low in grain, protein meals and hays. The concept of balancing feed is not a new one, simply one which is not understood. A nutritional balanced feed will boost health and vitality. Deficiency symptoms are usually in the form of sub-optimal production, reduced fertility and herd health problems. Adding **LOT FEED-AID™** to a total mixed ration, will ensure the ration has the correct balance of minerals and vitamins for growing cattle.

### DOSE AND ADMINISTRATION:

**CAUTION:** This product contains copper and should be used with caution in animals that have been exposed to plants containing alkaloids such as Patterson's Curse or Heliotrope.

Mix **LOT FEED-AID™** to the total mixed ration at a rate of 500 g per tonne, or provide a 5 g dose per head per day.

### MEAT WITHHOLDING PERIOD: NIL.

**TRADE ADVICE:** EXPORT SLAUGHTER INTERVAL (ESI): ESI not required.

**POISONS SCHEDULE:** S6 (due to the inclusion of selenium).

**REGULATORY STATUS:** EXEMPT.

**PACK SIZE:** 25 kg (contains 5,000 x 5 g doses or 50 tonnes of feed).
